Project Title: Kabuki

I would like to introduce the Japanese Kabuki by presenting its history, elements, and example videos. So the microsite is going to be multi-paged with a navigation bar across the top (but I also want to try how it looks if I put the bar on other sides.) Each bullet point is one page.

- **Introduction:** Briefly introduce the origin of Kabuki, its audiences, social impacts in the past.
- **Elements:** This page will talk about the elements and prominent features that composite kabuki. This page should contain a few pictures (preferably a grid system).
 - Genres of story
 - Stage design
 - Performance style
 - Costumes and makeups
 - Sounds and movements
- **History:** Dive into the 400 years of history of Kabuki divided as follows:
 - 1603–1629: Female kabuki
 - 1629–1673: Transition to yarō-kabuki
 - 1673–1841: Genroku period kabuki
 - 1842–1868: Saruwaka-chō kabuki
 - 1868-1947 Post-Meiji period kabuki
 - 1947-now Post-war to modern-day kabuki
- **Impacts:** Talk about how kabuki has impacted the aesthetics of Japan and how it's appreciated by the world as a conclusion.
